- (2) U.S. Patent No. 4,711,955 that issued on December 8, 1987, for "Modified Nucleotides and Methods of Preparing and Using Same" based on U.S. Application Serial No. 06/496,915, filed on May 23, 1983 as a continuation of U.S. Application Serial No. 06/225,223, filed on April 17, 1981;

both by virtue of an assignment recorded with the United States Patent and Trademark Office on February 24, 1982 at Reel 3950, Frames 423-427, in connection with the aforementioned predecessor application, Serial No. 06/225,223 (filed on April 17, 1981). A copy of the recorded assignment is attached hereto As Exhibit A. As the assignee, Yale University, through the undersigned, has reviewed the evidentiary documents and certifies, to the best of its knowledge and belief, that title is in the assignee seeking to take action.

Yale University hereby disclaims the terminal part of any patent granted on the subject application, which would extend beyond the expiration date of U.S. Patent No. 4, 711, 955, issued on December 8, 1987, also assigned to and owned by Yale University, as described above and supported by attached Exhibit A. Yale University hereby agrees that any patent so granted on the subject application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 4,711,955, this agreement to run with any patent granted on the subject application and to be binding upon the grantee, its successor or assigns.
